The Show is a celebration of Australian culture, from our rural traditions to our modern lifestyles, providing unique experiences for everyone. OPENING TIMES Show and Pavilions open 9.00am.

CLOSING TIMES Evening entertainment concludes 9pm.

Showbag Pavilion closes 9.30pm. Coca-Cola Carnival stays open until late.

Country agricultural shows have an important role to play when it comes to produce, art and craft. Some Sydney Royal competitions are only possible with the accumulation of performance points from regional shows. There is pride the whole state can revel in when the best of the best compete in the city. It's for that reason the RAS works closely with country shows to share knowledge about event management, competition

administration and bio-security messaging.

When our farmers do well we all benefit: from the quality of our food and produce to jobs and exports that help us thrive. By setting competition benchmarks, sustaining our industry, strengthening communities and bringing us all together to celebrate excellence in Australian agriculture, the RAS ensures a prosperous future for all.

GIVING BACK

The Royal Agricultural Society of NSW Foundation (RASf) was created in 2007 with a mission to support the development of sustainable and resilient regional and rural communities across New South Wales by promoting individual and community growth via educational scholarships and community grants.

Many regional and rural communities have been directly affected by the current bushfires and on-going drought which have caused great devastation throughout New South Wales. In a bid to best support these communities, the Royal Agricultural Society of NSW (RAS) is currently focusing on the recovery efforts required once the immediate threat of fire has passed. This year RAS Foundation Community Futures Grants will be directed to specific projects and communities affected by bushfire and drought. The RAS has a number of initiatives in the pipeline to generate funds which will be donated via the RASf to NSW rural communities that have been directly affected by drought and bushfires.

A sell-out success every year following its launch at the Sydney Royal Easter Show in 2014, the Ag Bag is the bag that gives back. Every cent raised by the sale of the Ag Bag goes directly to the RAS Foundation Community Futures Grant program. Celebrating Australian produce, the Ag Bag is jam-packed with product donations from generous Australian owned and made products including SunRice and Carman's. With more than 50,000 items packed into 2,000 Ag

Bags onsite at Sydney Showground by volunteers and RAS staff, the bag serves as a brilliant reminder of what we can achieve when we come together for a great cause.

Donating organisations see it as a terrific way to celebrate Australian agriculture and farming whilst helping generate funds for rural community projects. Participants appreciate the exposure of their brand and product and the opportunity to support a grass-roots initiative.

The Ag Bag stand at the 2021 Sydney Royal Easter Show is in the Home & Lifestyle Pavilion. The Ag Bags are available for \$25 each until sold out.

KIDS DAY 12 APRIL

Today is the last day of the Sydney Royal Easter Show which means it's Kids' Day! There are loads of great deals and attractions to thrill and amaze younger Showgoers. Children can come to the Show for just \$13.50 today and enjoy two for one rides up until 5pm. Entry for children three and under is FREE!

CHILDREN'S DAY

The 1870s were the start of many traditions for the Royal Agricultural Society of NSW that continue to this day, including two that involve some of our youngest attendees.

On Tuesday 2nd August 1870 we can see the origins of Primary Preview Day, when the Exhibition Committee decreed that "a day be set apart in the third week of the Exhibition for the purpose of enabling all school children to visit the Exhibition". The day was advertised in advance by the Society, and the Launceston Examiner reported that "The school children, to the number of 10,000, were entertained at the Exhibition."

Kids' Day also first occurred in 1870, but its appearance seems to have been a much less organised affair. The Exhibition for 1870 ran from 30th August to the 30th September, but on the 7th September 1870 the minutes show that the Exhibition Committee met and declared that for a Children's Day "Friday 16th be appointed and that the programmes submitted be adopted as amended". The reason for the lateness of the introduction of Children's Day is unknown, but it seems by 1871 the Exhibition Committee was still getting used to the idea as on Friday 25th August, the second last day of the Exhibition, they declared "to reduce the price of admission for children tomorrow".

SYDNEY ROYAL RIBBON RUGS

Wrap yourself in history to help provide a better future for rural and regional NSW.

The COVID-enforced cancellation of the 2020 Show left the RAS with hundreds of Sydney Royal ribbons, ready to be presented to winners in a range of competitions, instead they lay forlorn in boxes with no homes to go to. Part of the history of the Show dating back almost 200 years, the ribbons signify excellence and commitment and can not be bought, they are earned the hard way through competition and achievement.

This year, however, the ribbons from 2020 have been sewn into rugs and will be made available for the first time ever for purchase. An epic reminder of the Show that didn't happen, the Sydney Royal Ribbon Rugs are being sold as a fundraiser for the Royal Agricultural Society of NSW Foundation with all proceeds going to assist with the purchase of medical supplies and equipment for regional hospitals. This is a once-in-a-generation opportunity to buy

a limited-edition piece of RAS history whilst also supporting communities who need our help.

A café with a difference, this is the place to stop for a rural tasting plate brought to you from the bush! Rural and regional students from across NSW will be preparing, cooking and serving an incredible range of locally-inspired treats, doing their district proud and taking all proceeds back to their school for much-needed financial support.

GOOD OLE DAYS DISPLAY

Once upon a time in Australia cultivation of the land was done by hand... but our knack for finding a way out of hard work saw early farmers devise, or import, many a piece of equipment or machinery that could do the work of several men. This outstanding collection of historical pieces including ploughs and horse-drawn cultivators tells a fascinating story of life on the land and the importance of agricultural development. The Show itself traces its own foundations back to the good ole days, when farmers would gather annually to discuss new equipment and share ideas and agricultural solutions. DISTRICT EXHIBIT DISPLAYS

It simply isn't a visit to the Show without a stop to see the District Exhibits displays in the Woolworths Fresh Food Dome. The idea originated in 1876, with Courts set aside for country societies to exhibit their produce. In 1900, it became a formal Competition with prize money, trophies and, most importantly, district pride on the line. Displays are entered by five competing regions representing Southern, Northern, Western, Central NSW, and South East Queensland and comprise fresh fruit, vegetables, pulses, wool, eggs, beeswax, wine, jams, grain, bacon and more. Unprecedented circumstances have prevented South East Queensland from entering this year, and therefore the decision was made to cancel the formal judging and competition. A public vote will be held, awarding People's Choice only. In all, 50,000 pieces of produce are used to create the exhibits and all left-over produce is collected by a nominated charity and distributed out to the community.

LITTLE HANDS ON THE LAND

After welcoming over 28,000 little farmers in 2019, once again the Paddock will be transformed into a kid-sized working farm aimed to teach 2 - 10 year olds about agriculture from crop-to-shop. Little Hands on the Land is a free activity that takes children on a journey through ten stations including a chook shed, fruit orchard, sheep shed, veggie patch, cow shed, pony barrel race and an outback tractor pull. Next stop, the farmers' market where produce collected along the way is traded for farm dollars which can be spent at the final destination - the supermarket.

Station 1 The Homestead

To start your adventure shop to crop, Take a bucket, pop on an apron and then off you hop.

Collecting lots of things along the way, You'll be quite busy working on the land today.

Station 2. Chook Shed. You'll collect one egg in this shed.

Check the box that's straw lined, In this nest an "egg" you'll find. Put just one in your bucket and off you scoot,

Next stop is to pick some fruit.

Station 3. Strawberry Patch. Find one juicy red strawberry.

Pick a bright red strawberry from the patch, Ripe and juicy the perfect match.

Put it in your bucket and then walk straight ahead,

And make your way into the horse shed.

Station 4. Horse Shed. Here we groom our pony's tails.

Clip a lead on your horse before giving him a treat

Then brush out his tail, smooth and neat.

Add some extra treats to your bucket, then quick, out the door,

Go to the patch with the vegies that bunnies adore.

Station 5. Veggie Patch. Dig yourself up a carrot or potato.

Potatoes and carrots everywhere.

Dig one out of the dirt with care.

Hold it up and give it a brush.

Better get going, you're in a rush.

Station 6. Cow Shed. Milk the cow and put a bottle in your bucket.

Take your turn to milk the "cow".

Could you do it? Take a bow.

Collect a bottle to sell at the market.

Does everything still fit in your bucket?

Station 7. Flowers for bees. Collect some pollen thanks to your bee.

Help the honey bee meet the flower, bees need pollen as their super power.

Dip him down, he just needs one go

And put the pollen in the bucket, don't be slow

Station 8. Pony Barrel Race. Take a ride on a pony.

Ride your "pony" around the track.
Go 'round the barrel and then race back.
Feed your pony some pretend hay.
You have to go, but here he'll stay.

Station 9. Outback Tractor Pull. Drive one lap around the track!

Drive your tractor with your feet.
Around the course you can't be beat.
Better find a place to park it,
It's time to head to the farmers' market.

Station 10. Farmers Market. All your goods need to go in their own baskets.

Take all the things you found on the land,
Put them in the bins to give us a hand.
Now you get "farm dollars" to spend,
When you reach The Shop at the end.

Station 11. The Supermarket. Buy yourself a healthy treat, and wash your farmer's hands before you eat!

Thank you for visiting Little Hands on the Land.

Now our farmers' journey you understand.
You've worked very hard on the land today,
So buy a treat with "farm dollars", hip, hip hooray!

2020 FEATURE BREEDS

POULTRY SECTION

When you're in the Poultry Pavilion, look for the feature breed. The 2021 feature breed is the Indian Runner, a duck that stands up like a penguin, runs rather than waddle and is one of the most popular duck breeds in Australia.

SHEEP SECTION

Introducing the South Down as the 2021 Sydney Royal Sheep Meat and Dual Purpose Feature Breed.

South Down were first imported to Australia in 1793, they are heavily muscled with fine textured fleece and have rare breed status.

The feature breed in the Merino competition is Fine Wool – highly valued by the world's fashion houses, it is softer than cashmere and smoother than silk.

AVIARY BIRD SECTION

This year's feature breed – the Budgerigar. Also known as the budgie, these birds originated in Australia and are the third most popular pet in the world (after dogs and cats).

ARTS & CRAFTS

In 2021 the cake decorating theme is Australian Rural.
